

No matter what life sends your way, it's your policy.

Act now to keep your coverage today

During seasons of change, it's easy to feel overwhelmed. Aflac coverage options are available to help you stay protected.

Although your coverage was previously deducted through your employer's payroll system, you can now take your coverage with you as long as premiums are paid and you'll continue to be protected with Aflac.

Ensure continued coverage with these simple steps:

Log in to
myaflac.aflac.com

Select **"My Account,"** at the top right and then **"Manage My Account"**

Select **"Aflac Always"** and follow the prompts to enroll

Managing your coverage has never been easier!

While you're logged in, be sure to review your benefits and see if you're eligible to file a covered claim. Remember, your Aflac coverage pays you.*

If you have any questions, please reach out.

We love having you as part of the Aflac family!
