

# Now there's care that keeps up with your employees — wherever they go

## Introducing telehealth from MeMD.

Illnesses. Injuries. Mental health concerns. They can mean absenteeism — or worse, presenteeism. And they can impact the productivity of your organization. But now there's care that saves your employees time and reduces your bottom-line costs. Meet MeMD, brought to you by Aflac.

MeMD telehealth service allows your employees to connect to a board certified, U.S.-licensed medical or behavioral health provider from almost any location. Day and night. Weekends and holidays. All using their phone\* or computer.

\*Where permitted.

### Reduced absenteeism and presenteeism

No more missing work due to doctor's appointments or coming into work sick or distracted.

### Improve recruiting and retention

Provide affordable access to health care for employees and their families with little or no impact to your bottom line.

### Help control health care costs

Redirect major medical utilization costs to help control premium raises.
